NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

NOTE 1 - STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

New Hope International Limited has adopted the pronouncements of AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements of the Australian Accounting Standards Board, the Australian Charities and Not-for-profits Commission Act 2012 (ACNC Act) and the NSW Charitable Fundraising Act. The company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions.

The financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs and do not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The financial statements cover New Hope International Limited as an individual entity and were authorised for issue on 1st November 2018 by the directors of the company.

New Hope International Limited is a company limited by guarantee, incorporated and domiciled in Australia. Its registered office and principal place of business is:

46 Amy Street Regents Park NSW 2143.

The following is a summary of the principal accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied, unless otherwise stated.

(b) Income Tax

New Hope International Limited is exempt from income tax.

(c) Revenue recognition

Revenue is recognised for the major business activities as follows:

(i) Donations and gifts

The timing of the recognition of donations and gifts depends on when control of these is obtained, usually upon receipt of the monies. Where monies were obtained on the condition that they be expended in a particular manner and the condition is undischarged as at the reporting date, the nature and amounts pertaining to those undischarged conditions are recorded as a liability.

(ii) Interest

Interest is recognised in the statement of comprehensive income when received.

(d) Investments

Interests in unlisted trusts are brought to account at cost and trust distributions reinvested are recognised in the statement of comprehensive income when receivable.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

NOTE 1 - STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Property, plant and equipment

Plant and equipment are measured on the cost basis. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining the recoverable amount.

Depreciation of property, plant and equipment

Depreciation is calculated on a straight line basis to write off the net cost or revalued amount of each item of property, plant and equipment (excluding land and buildings) over its expected useful life to the company. The expected useful lives are as follows:

Computer equipment: 5 years Other equipment: 6.75 to 10 years

(f) Inventory

Stock is valued at the lower of cost and net realisable value.

(g) Value of volunteers

The value of services provided by volunteers is not included in revenue or expenses because of the practical difficulties involved.

(h) Cash and cash equivalents

For the purposes of the Statement of Cash Flows, cash includes deposits at call with financial institutions and other highly liquid investments with short periods to maturity which are readily convertible to cash on hand and are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts.

(i) Specific funds

These are funds that have originated from donations and are subject to specific conditions for their use. The company is responsible for all expenditure, and using these funds on the basis of eligible expenditure.

(j) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

(k) Investments and financial assets

The company classifies its investments as available-for-sale financial assets. Available-for-sale financial assets are assets not classified as financial assets at fair value through profit and loss, loans and receivables, or held-to-maturity investments. They are reflected at fair value and unrealised gains and losses arising from changes in fair value are taken direct to members' funds.

(I) Fair value

Fair value is determined based on current bid prices for all financial assets.
