Re: **Governing Documents**

Dear Ellona

We spoke on the phone on Wednesday 17 December regarding the governing documents to the above Charitable Trust.

This is a Testamentary Trust established by my Great Aunt in 1961 and as such the family DO NOT wish to see a full copy of the Will available on the ACNC's web site.

During our conversation you offered, on behalf of the ACNC, to prepare a 'redacted' version that the Trustees could then review before it is published.

The AIS for the Trust will be completed today which will include the Annual Accounts for the FY 2014.

The Trustees would also ask that the Financials are NOT made public.

For an explanation of this position, please refer to the separate letter regarding the Danks Trust

Ellona when we talked, you mentioned that you would be on Annual Leave until the end of January 2015 and this is the reason I have waited until now to send you the documents.

Regards

Graeme Danks  
Trustee - Chairman
