FOUNDATION**  
ABN 13 127 908 187

**Financial Report - 31 March 2015**

# **Australian Indigenous Education Foundation**

## **Directors' report**

### **31 March 2015**

The directors present their report, together with the financial statements, on the Foundation for the financial year ended 31 March 2015.

#### **Directors**

The following persons were directors of the Foundation during the whole of the financial year and up to the date of this report, unless otherwise stated:

Robert Coombe  
Michael Lindsay  
Warren Mundine  
Andrew Penfold  
Carlie Smart (appointed on 28 May 2014)

#### **Objectives**

The short-term objective of the Foundation is to provide scholarships to Indigenous secondary school students to attend boarding schools around Australia and to support such students to successfully transition into sustainable careers.

The long-term objective of the Foundation is to provide scholarships for up to 2,000 Indigenous secondary school students to attend boarding schools around Australia over 20 years and to support such students to successfully transition into sustainable careers.

#### **Strategy for achieving the objectives**

The Foundation entered into a contract with the Australian Government in May 2009 whereby the Australian Government committed to investing \$20 million over three years and this was subsequently increased to \$22 million in 2012 and \$32 million in 2013. The Foundation committed to using its best endeavours to match this with an additional \$32 million from the private sector over a period of 20 years, with an undertaking to raise \$5 million in the first five years.

To date, the Foundation has raised or been pledged donations in excess of the \$32 million target from the private sector.

AIEF will continue to seek donations from both corporate and individuals in the corporate sector to expand the number of students who will receive scholarships and to support such students to successfully transition into sustainable careers.

#### **Principal activities**

During the financial year the principal continuing activities of the Foundation involved the funding and managing a program for education scholarships to Indigenous students to attend high performing boarding schools and to support such students to successfully transition into sustainable careers.

No significant change in the nature of these activities occurred during the financial year.

#### **Performance measures**

The Foundation measures its performance in the amount of capital in the Scholarship Fund, the low level of expenditure from scholarship funds donated spent on operating costs, the number of students on scholarships, their year 12 completion and post school destinations. The AIEF definition of success is Indigenous students completing year 12 and making a successful transition to a sustainable career.

## **Notes to the financial statements**

### **31 March 2015**

#### **Note 1. Significant accounting policies**

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

#### **New, revised or amending Accounting Standards and Interpretations adopted**

The Foundation has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The adoption of these Accounting Standards and Interpretations did not have any material impact on the financial performance or position of the Foundation.

#### **Basis of preparation**

In the directors' opinion, the Foundation is not a reporting entity because there are no users dependent on general purpose financial statements.

These are special purpose financial statements that have been prepared in order to satisfy the financial reporting requirements of the *Australian Charities and Not-for-profits Commission Act 2012 (ACNC Act)* and various state legislation including the Charitable Fundraising Act 1991 requirements to prepare and distribute financial statements to the members of Australian Indigenous Education Foundation. The directors have determined that the accounting policies adopted are appropriate to meet the needs of the members of Australian Indigenous Education Foundation. For the purposes of preparing the financial report, the Foundation is a not-for-profit oriented entity.

These financial statements have been prepared in accordance with the recognition and measurement requirements specified by the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the disclosure requirements of Accounting Standards AASB 101 'Presentation of Financial Statements', AASB 107 'Statement of Cash Flows', AASB 108 'Accounting Policies, Changes in Accounting Estimates and Errors', AASB 1031 'Materiality', AASB 1048 'Interpretation of Standards' and AASB 1054 'Australian Additional Disclosures'.

#### *Historical cost convention*

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of available-for-sale financial assets and financial assets at fair value through profit or loss.

#### *Critical accounting estimates*

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Foundation's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2.

#### **Revenue recognition**

The following specific recognition criteria must be met before revenue is recognised:

##### *Donations*

Donations are recognised at the time the donation is made.

##### *Grants*

Grants are recognised at their fair value on receipt and no additional conditions are attached to the grant which must be satisfied.

**Australian Indigenous Education Foundation**  
**Notes to the financial statements**  
**31 March 2015**

**Note 1. Significant accounting policies (continued)**

**Revenue recognition (continued)**

*Interest*

Interest revenue is recognised on a proportional basis, taking into account the interest rates applicable to the financial assets.

*Other revenue*

Other revenue is recognised when it is received or when the right to receive payment is established.

**Scholarship distributions**

Scholarship distributions include the Annual Pathways Support Amount (APSA), incorporating the costs of that part of the scholarship provided to support completion of students' studies and transition to a sustainable career, determined on a per head basis.

**Income tax**

As the Foundation is a charitable institution in terms of subsection 50-5 of the Income Tax Assessment Act 1997, as amended, it is exempt from paying income tax.

**Cash and cash equivalents**

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**Trade and other receivables**

Other receivables are recognised at amortised cost, less any provision for impairment.

**Property, plant and equipment**

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Office equipment	3-5 years
Leasehold Improvements	Lease term

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date. An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the Foundation. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

**Goods and Services Tax ('GST') and other similar taxes**

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

**Australian Indigenous Education Foundation**  
**Notes to the financial statements**  
**31 March 2015**

**Note 1. Significant accounting policies (continued)**

**Trade and other payables**

These amounts represent liabilities for goods and services provided to the Foundation prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

**Employee benefits**

*Wages and salaries and annual leave*

Liabilities for wages and salaries, including non-monetary benefits, and annual leave expected to be settled within 12 months of the reporting date are recognised in current liabilities in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

*Long service leave*

The liability for long service leave is recognised in current and non-current liabilities, depending on the unconditional right to defer settlement of the liability for at least 12 months after the reporting date. The liability is measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

**Financial instruments**

*Recognition and initial measurement*

Financial instruments, incorporating financial assets and financial liabilities, are recognised when the entity becomes a party to the contractual provisions of the instrument.

Financial instruments are initially measured at fair value plus transaction costs where the instrument is not classified as at fair value through profit or loss. Transaction costs related to instruments classified as at fair value through profit or loss are expensed to profit or loss immediately. Financial instruments are classified and measured as set out below.

*Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss are either: i) held for trading, where they are acquired for the purpose of selling in the short-term with an intention of making a profit; or ii) designated as such upon initial recognition, where they are managed on a fair value basis or to eliminate or significantly reduce an accounting mismatch. Fair value movements are recognised in profit or loss.

*Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either designated as such or that are not classified in any other categories. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

After initial recognition available-for-sale financial assets are measured at fair value with the gains and losses recognised as a separate component of equity until the investment is sold, collected or otherwise disposed of, or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity is included in the statement of profit or loss and other comprehensive income.

**Australian Indigenous Education Foundation**  
**Notes to the financial statements**  
**31 March 2015**

**Note 1. Significant accounting policies (continued)**

**Impairment**

At each reporting date, the entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less cost to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of profit or loss and other comprehensive income.

Where the future economic benefits of the asset are not primarily dependent upon the assets ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is depreciated replacement cost of an asset. Where it is not possible to estimate the recoverable amount of an asset class, the entity estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is debited against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same class of asset.

**Operating leases**

Leases where the lessor retains substantially all the risks and reward of the ownership of the asset are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit or loss and other comprehensive income on a straight-line basis over the term of the lease.

**Fundraising activities**

As a charitable institution, Australian Indigenous Education Foundation has requirements under the following state legislation:

ACT – Charitable Collections Act 2003

NSW – Charitable Fundraising Act 1991

SA – Charitable Purposes Act 1939

QLD – Collections Act 1966

VIC – Fundraising Act 1998

SA – Collections for Charitable Purposes Act 1939

WA – Charitable Collections Act 1946

TAS – Collections for Charities Act 2001

These acts prescribe the manner in which fundraising raising appeals are conducted, controlled and reported. During the current and previous financial periods, Australian Indigenous Education Foundation did not incur any direct expenditure whilst undertaking fundraising activities that require further financial disclosure.

**New Accounting Standards and Interpretations not yet mandatory or early adopted**

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Foundation for the reporting period ended 31 March 2015. The Foundation has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

**Current and non-current classification**

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is current when: it is expected to be realised or intended to be sold or consumed in normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is current when: it is expected to be settled in normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

**Note 2. Critical accounting judgements, estimates and assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

*Estimation of useful lives of assets*

The Foundation determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment and definite life intangible assets. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

*Long service leave provision*

As discussed in note 1, the liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

As a result, the loss was charged against the opening balance of the available for sale reserve in other comprehensive income and the remainder of the loss as an impairment in the statement of profit and loss for the year.

Amounts not expected to be settled within the next 12 months

The current provision for employee benefits includes all unconditional entitlements where employees have completed the required period of service and also those where employees are entitled to pro-rata payments in certain circumstances. The entire amount is presented as current, since the Foundation does not have an unconditional right to defer settlement. However, based on past experience, the Foundation does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

The following amounts reflect leave that is not expected to be taken within the next 12 months:

**Note 19. Reserves**

*Available-for-sale reserve*

The reserve is used to recognise increments and decrements in the fair value of available-for-sale financial assets. At the reporting date, it was determined that a significant loss in the fair value of the available for sale investment existed due to a decrease in the market price of the shares. As a result, the loss was recognised in other comprehensive income for the year to the extent of the opening balance of the reserve. At the reporting date the balance of reserves is \$Nil (2014: balance of \$131,000).

## Australian Indigenous Education Foundation Directors' declaration

The directors have determined that Australian Indigenous Education Foundation is not a reporting entity and that these special purpose financial statements should be prepared in accordance with the accounting policies described in Note 1 to the financial statements

The directors of Australian Indigenous Education Foundation declare that in the directors' opinion:

1. The financial statements, comprising the statement of comprehensive income, statement of financial position, statement of cash flows, statement of changes in equity, and accompanying notes, are in accordance with the Australian Charities and Not-for-profits Commission Act 2012 and:
  - comply with Accounting Standards as described in Note 1 to the financial statements and the Australian Charities and Not-for-profits Commission Regulation 2013 (ACNC Regulation 2013); and
  - give a true and fair view of the entity's financial position as at 31 March 2015 and of its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements.
2. There are reasonable grounds to believe that the entity will be able to pay all of its debts, as and when they become due and payable.

Signed in accordance with subsection 60.15(2) of the ACNC Regulation 2013 on behalf of the directors' by:

## INDEPENDENT AUDITOR'S REPORT

To the members of Australian Indigenous Education Foundation

### Report on the Financial Report

We have audited the accompanying financial report, being a special purpose financial report of Australian Indigenous Education Foundation, which comprises the statement of financial position as at 31 March 2015, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

#### Directors' Responsibility for the Financial Report

The directors of the registered entity are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the *Australian Charities and Not-for-profits Commission Act 2012 (ACNC Act)* and other appropriate terms. The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the directors' preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the registered entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion the financial report of Australian Indigenous Education Foundation has been prepared in accordance with Division 60 of the *Australian Charities and Not-for-Profits Commission Act 2012*, including:

- (i) giving a true and fair view of the registered entity's financial position as at 31 March 2015 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards to the extent described in Note 1 and the *Division 60 the Australian Charities and Not-for-profits Commission Regulation 2013*.

## Basis of accounting

Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the *ACNC Act*. As a result, the financial report may not be suitable for another purpose.
