Notes to the Financial Statement

For the year ended 30 June 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Preparation

This financial report is a special purpose financial report prepared for the purposes of complying with the requirements of the Australian Charities and Not-for-profits Commission Act 2012.

The financial report has been prepared in accordance with the recognition and measurement requirements specified by the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the disclosure requirements of:

AASB 101 Presentation of Financial Statements

AASB 107 Statement of Cash Flows

AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors

AASB 1031 Materiality

AASB 110 Events after the Balance Sheet Date

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

(b) Significant Accounting Judgements & Estimates

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. There are no estimates or judgements which have risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year.

(c) Cash & Cash Equivalents Cash & cash equivalents includes cash on hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less. For the purposes of the statement of cash flow, cash and cash equivalents consist of cash and

cash equivalents as defined above, plus term deposits with maturity dates of less than 12 months from balance date net of any outstanding bank overdrafts.

(d) Goods & Services Tax (GST) Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

(e) Trade & Other Payables Creditors and other accruals represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of the recognition of the liability.

(f) Donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt. All revenue is stated net of the amount of goods and services tax (GST).

(g) Going concern

The board of directors considers that adequate funds can be generated from donations which will ensure that the association is able to continue as a going concern.
