AUDITORS Deloitte Touche Tohmatsu

Baptcare Limited and controlled entities Directors' Report For the year ended 30 June 2022

The Directors present their report, together with the financial statements, on the company and its controlled entity for the year ended 30 June 2022.

#### 1. REVIEW OF OPERATIONS

#### Company

Baptcare's vision is "Communities where every person is cherished". Our mission is "Partnering for fullness of life with people of all ages, cultures, beliefs and circumstances".

Baptcare delivers on its vision and mission through our WE CARE values of Wellbeing, Ethics, Cocreation, Accountability, Respect and Effectiveness.

The fulfilment of the strategic objectives is expressed in the delivery of the following principal services and programs:

- The operation of aged care facilities for aged and disabled people.
- The operation of retirement villages providing independent and assisted living units for aged people.
- The provision of day care centres and home care services to the aged in the community.
- The provision of nursing and allied health services.
- The provision of social services including family and community services providing a range of supports including early intervention and prevention, foster care and kinship care, services and supports for children and young people where they are identified as being at risk, and education and supports to families and children experiencing family violence.
- The provision of a suite of psychosocial support programs to adults who are experiencing mental ill
  health.
- The provision of Local Area Coordination, and Early Childhood Intervention services under the National Disability Insurance Scheme
- The provision of affordable housing solutions and asylum seeker accommodation and support services.

Baptcare measures and monitors performance in a variety of ways including:

- The preparation of annual budgets for each program and service that are reviewed and approved by the Finance & Major Projects Committee and the Board;
- Monthly review and analysis undertaken by the CEO, General Managers, Program Managers, Finance team, Finance & Major Projects Committee and the Board of actual performance against approved budget for each program and service:
- The monitoring of key KPI's including EBITDA, occupancy ratios, performance against Government targets as well as benchmarking against the industry;
- Service delivery risk, quality and clinical performance, including regulatory/legislative compliance, clinical education and incidence reporting are monitored by the Quality & Clinical Governance Committee.

Operating revenue for the year was steady at \$306.0m (2021: \$306.2m). A net deficit of \$11.71m (2021: \$11.14m) was incurred. A strong cash position of \$33.28m (2021: \$37.14m) was maintained, and the investment portfolio increased to \$35.06m (2021: 17.27m).

Baptcare is a not-for-profit faith-based charitable organisation. To sustain its charitable activities, achieve the Board's 5-year investment and development strategy, and to continue to provide for the future replacement of operating assets, it is critical that Baptcare makes strong cash surpluses overall. Despite the impacts of COVID19, Baptcare remains in a sound financial position, with strong cash flows, quality buildings, and a sustainable business model.

Baptcare Limited and controlled entities Directors' Report For the year ended 30 June 2022

#### Highlights for the Service and Operations Division were:

The Division was again significantly impacted by the COVID19 pandemic. The pandemic required a *whole of business* response and this took precedence over other business priorities. The safety, care and support of all our people – consumers, staff and volunteers – was our primary focus. This continued through the recovery phase as the threat of further outbreaks and lockdowns was ever present.

For our aged care divisions, work began on implementing the Federal Government's *5 Pillars over 5 Years Roadmap*. Along with the previously announced reforms in residential aged care, the Support at Home reform was announced for the home care sector.

Workforce pressures, which have been felt across the entire community, continued to be felt in all our service streams. Staff turnover continued to be higher than normal.

We sincerely thank our staff and volunteers across Baptcare for their tireless efforts over the past year.

#### **Home Care Programs**

Workforce challenges impacted on our ability to consistently provide services to clients across our programs. We continued to use traditional and non-traditional channels to recruit more direct care workers, with mixed success. Despite this, the numbers of home care package clients we supported grew by over 20% during the year to 3,100.

We were successful in tendering for Banyule Council's CHSP services which resulted in accepting responsibility for servicing over 700 clients. The integration of the clients and staff was intense for a period however the transition was a relatively smooth process.

The impact of the COVID19 pandemic continued throughout the year. There were periods when our site-based programs were closed, however we engaged with every client across all our programs to provide the necessary support and care. Client feedback was used to vary services to allow them to remain safe and supported, for example, the introduction of exercise physiology into our service offering.

#### **Residential Aged Care**

The overriding focus this year remained on the protection of residents and staff from COVID19 and engaging in best practice infection prevention and control. Following extended periods of lockdown, families, volunteers and visitors were warmly welcomed back into our residential aged care homes. This provided much appreciated wellbeing support to residents.

Significant work commenced on various elements of the Federal Governments reform roadmap which will transform residential aged care over the coming years. The reforms, which aim to improve resident outcomes, include a new funding model, new requirements for direct care minutes, a Star Rating system amongst other regulatory changes. Workforce challenges are significant however may be eased if the government follow through on their commitment to fund a much needed pay increase expected to be handed down by the Fair Work Commission.

We commenced development of a new dementia model of care in partnership with Monash University. The model is underpinned by 5 Principles that describe "how we care" for residents. The model is nearly at pilot stage.

Baptcare Limited and controlled entities Directors' Report For the year ended 30 June 2022

#### **Retirement Living**

A major focus during the year continued to be the support of residents in our retirement villages during the COVID19 lockdowns. Many residents were impacted from social isolation and there was a concerted effort to support residents to stay connected with each other and their families. Residents appreciated the extra assistance and care that staff offered during a very difficult and uncertain time.

Building programs continued at three of our villages. Following the opening of new apartments at Strathalan and The Orchards, further building work stages commenced at these two villages and at Peninsula View. These stages consist of villa units at Strathalan and The Orchards, and apartments and a community centre at Peninsula View. These projects will add even further life to our retirement living communities.

#### **Family and Community Services**

Family and Community Services (FACS) supports at risk children, young people and their families, provides foster and kinship care, services to those impacted by trauma (e.g. family violence) and people living with mental health issues across Victoria and Tasmania.

FACS continued to implement a range of evidence-informed and evidence-based programs across Victoria and Tasmania, including +Shift, +Waves, SafeCare,Mothers in Mind, and Caring Dads. We have a partnership with Monash University to evaluate Mindset, Baptcare's mental health program and with the University of Melbourne to evaluate the +Shift program.

FACS leadership is actively contributing to key government and departmental working groups designing aspects of an improved service system in both Victoria and Tasmania.

#### **Disability Services**

Our focus for Disability Services is supporting the National Disability Insurance Agency (NDIA) to deliver the National Disability Insurance Scheme (NDIS) through the Partner in the Community (PITC) program. Our teams operate in Tasmania and South Australia where we work alongside people with disability, their carers and their community to support choice and control, and inclusion.

The last 12 months has been a successful year of supporting people with disability to build their capacity to live independent, good and ordinary lives. To achieve this our teams, use a person-led approach where we listen and follow the people we serve to identify and provide just enough of the right supports, at the right time and for the right length of time. We have also engaged in original research in the Support for Decision Making domain and in presenting this work at national and pacific regional forums.

Our Disability Services are supported in their practice development by the University of Melbourne through a research partnership with the Melbourne Disability Institute. We contribute to sector development and reform through our involvement on various reference and advisory groups to the NDIA, and the International Initiative of Disability Leaders where we are key contributors to the community of practice on Local Area Coordination and Support for Decision Making.

#### Service Quality

#### Aged Care

Baptcare has continued to implement new procedures and processes to guide staff on the Aged Care Quality Standards, including new legislation and requirements such as the Serious Incident Response Scheme (SIRS).

We partnered with Celebrate Ageing to support the Ready To Listen Project. This project is the first government funded project of its kind aimed at building capacity to better respond and prevent sexual assault in older people. Baptcare was recognised as a leader within this space presenting alongside Dr Catherine Barrett at the Older Person's Advocacy Network's National Forum.

# Baptcare Limited and controlled entities Directors' Report For the year ended 30 June 2022

#### Aged Care (continued)

All residential and home care service programs remain fully compliant to the Aged Care Quality Standards as at the end of the year.

We continue to enhance our well-developed Customer Experience Program to not only measure performance against expectation, but to continue to grow understanding of our customers. We have been collecting our customers commentary since 2016 and we now have thematic analysis tools to deep dive this wealth of customer views. The program now forms part of the new organisational Customer Engagement Framework which highlights Baptcare's commitment to the voice of the customer.

#### **FACS & Disability**

FACS and Disability Services underwent an accreditation audit and successfully maintained accreditation against three quality standards:

- QIC Health and Community Service Standards across all programs in South Australia, Tasmania and Victoria
- Human Services Standards, Victoria
- National Standards for Mental Health Services, Tasmania
- •

#### 2. DIRECTORS', COMMITTEE MEMBERSHIP AND MEETINGS

During the financial year, the Company had the following committees:

Role	Finance and Major Projects	Audit and Risk	Quality & Clinical Governance	Nominations, Performance & Remuneration	Transformation
Chair Member	Mr B Howard Mr C Hamish Blair	Mr T Farren Ms J Rose	Ms J Rose Ms R M Bradley	Ms R M Bradley Mr T Farren	Mr A Haidar Ms R M Bradley
Member Member Member	Mr M Trajcevski	Mr M Trajcevski Ms A Numa	Dr R K Iseli	Mr C Hamish Blair Mr A Haidar	Mr T Farren Mr B Howard Ms J Rose

The number of meetings of Directors (including meetings of committees of Directors) held during the year and the number of meetings attended by each Director were as follows:

Directors	Appointment date	Eligible meetings	Attended meetings
Ms R M Bradley	-	24	20
Mr T Farren	-	24	20

Dr R Iseli	-	12	12
Ms A Numa	18 Feb 2022	6	6

# Baptcare Limited and controlled entities Directors' Report For the year ended 30 June 2022

#### 3. MEMBER FUNDS

Baptcare is a company limited by guarantee and domiciled in Australia. Under its constitution, the Company is unable to distribute its funds to its members by way of dividend or link arrangement. The liability of each member in the event of winding up the Company is limited to ten dollars. As at 30 June 2022 there were 9 members of the Company (2021:8).

# 4. ROUNDING OF AMOUNTS

The company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to "rounding-off". Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

#### 5. AUDITORS INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under Subdivision 60-C of the *Australian Charities and Not-for profits Commission Act 2012* is set out immediately after this Directors' report.

Signed in accordance with a resolution of the Board of Directors.

30 September 2022

Dear Board Members

#### **Baptcare Ltd**

In accordance with Subdivision 60-C of the *Australian Charities and Not-for profits Commission Act 2012*, I am pleased to provide the following declaration of independence to the Directors of Baptcare Ltd.

As lead audit partner for the audit of the financial statements of Baptcare Ltd for the financial year ended 30 June 2022, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements as set out in the *Australian Charities and Not-for-profits*Commission Act 2012 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

**DELOITTE TOUCHE TOHMATSU**

#### Note 1. Nature of the Group

Baptcare Ltd (the Company) is a Company limited by guarantee, incorporated and domiciled in Australia. Under its constitution, the Company is unable to distribute its funds to its members by way of dividend or like arrangement.

The liability of each member in the event of winding up the Company is limited to ten dollars. As at 30 June 2022, there were 9 members of the company (2021: 8).

The Company controls Baptcare Affordable Housing Ltd, a company limited by guarantee, incorporated and domiciled in Australia. Together the companies form "the Group". The financial statements have been presented as consolidated financial statements incorporating the assets, liabilities and results of the Company and its controlled entity.

#### Note 2. Significant accounting policies

#### Basis of preparation

The financial report is a general purpose financial report that has been prepared in accordance with the Australian Accounting Standards – Simplified Disclosures, the requirements of the Australian Charities and Not-for-profits Commission Act 2012, and other authoritative pronouncements of the Australian Accounting Standards Board (the AASB).

The financial report comprises the consolidated financial statements of Baptcare Limited (the Company) and the entities it controls (together the Group). For the purposes of preparing the consolidated financial report, the Company is a not-for-profit entity.

The financial report has been prepared on an accrual basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The presentation currency used in these financial statements is Australian dollars (\$).

#### Statement of compliance

The Company does not have 'public accountability' as defined in AASB 1052 *Application of Tiers of Australian Accounting Standards* and is therefore eligible to apply the 'Tier 2' reporting framework under Australian Accounting Standards.

The financial statements comply with the recognition and measurement requirements of Australian Accounting Standards, the presentation requirements in those Standards modified by AASB 1060 General Purpose Financial Statements – Simplified Disclosures for For-Profit and Not-For-Profit Tier 2 entities (AASB 1060) and the disclosure requirements in AASB 1060. Accordingly, the financial statements comply with Australian Accounting Standards – Simplified Disclosures.

#### Going concern

The Directors have, at the time of approving the financial statements, as reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

#### Change in accounting policy

The entity previously prepared general purposes financial statements under Tier 2 – Reduced Disclosure Requirements. There were no transition adjustments other than disclosure changes on the adoption of Australian Accounting Standards – Simplified Disclosures.

#### Note 2. Significant accounting policies (continued)

#### Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make estimates, judgements and assumptions based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and internally. Actual results may differ from these estimates.

The accounting policies detailed below provide details of these estimates, judgements and assumptions.

#### (a) Principles of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company. Control is achieved when the Company:

- has power over the entity;
- is exposed, or has rights, to variable returns from its involvement with the entity; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. Baptcare Limited is the sole member of Baptcare Affordable Housing Limited and through its rights and powers as defined by the constitution has the ability to exert power and receive returns through achievement of its stated missions.

Consolidation of a controlled entity begins when the Company obtains control over the controlled entity and ceases when the Company loses control of the controlled entity.

Accounting policies of all controlled entities are aligned with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

# (b) Revenue recognition

Government grants and subsidies

When the Group receives government grants that are in the scope of AASB 1058 (being a transaction where the consideration paid to acquire an asset is significantly less than fair value principally to enable the Group to further its objectives), it performs an assessment to determine if the contract is 'enforceable' and contains 'sufficiently specific' performance obligations.

In cases where there is an 'enforceable' contract with a customer with 'sufficiently specific' performance obligations, the transaction is accounted for under AASB 15 where income is recognised when (or as) the performance obligations are satisfied. In all other cases (where the contract is not 'enforceable' or the performance obligations are not 'sufficiently specific'), the transaction is accounted for under AASB 1058 where the Group:

- Recognises the asset in accordance with the requirements of other relevant applicable Australian Accounting Standards
- Considers whether any other financial statement elements should be recognised ('related amounts')
  in accordance with the relevant applicable Australian Accounting
- Recognises income immediately in profit or loss for the excess of the initial carrying amount of the asset over any related amounts recognised.

#### Note 2. Significant accounting policies (continued)

#### (b) Revenue recognition (continued)

Government grants and subsidies (continued)

An entity within the Group has recorded capital grants in the current year in relation to the construction of social housing.

Capital grants are grants received for the purpose of acquiring or constructing a non-financial asset to particular specifications or conditions. Capital grants are initially recognised as a contract liability and income is recognised as or when it satisfies its obligations to construct to acquire the asset.

In the current year, grants are held for various development projects that in addition to construct define a future period whereby the company must continue to provide social housing arrangements as defined in the funding deed. These periods may be up to 20 years from date of first resident occupancy. In these instances, the performance obligation is not met until all service obligations have been met.

#### Revenue from sale of goods

Revenue from the sale of goods is recognised when control of the goods has transferred to the customer, being the point in time at which the customer accepts delivery of the goods.

#### Resident and client services revenue

Revenue arising from services to residents and clients are recognised as performance obligations are met. Revenue of this nature includes resident fees and contributions in residential aged care, client contributions for home care services, rental income from residential tenants and deferred management fees. In this regard, revenue is recognised as services are provided and recognised over the time of the service provision.

#### Deferred management fees

Deferred management fees are brought to account as receivables at the time the fees become non-refundable to the licensee. Revenue arising from deferred management fees are brought to account over the expected tenure of resident which reflects the performance obligation of the Group. Deferred income may arise where the expected tenure of the resident exceeds the contractual arrangements of the Group's deferred management fee entitlements. Some management fees are linked to the resale value of the unit at reporting date. Changes to DMF fees arising from market movements are brought to account in period to which it relates.

#### Interest income

Interest revenue is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

#### Imputed Revenue on RAD and Bond Balances under AASB 16 Leases:

For residents who have chosen a RAD or Bond arrangement to receive residential aged care services, the Group has determined that following the adoption of AASB 16, these are lease arrangements with the Group acting as the lessor. The Group has recognised as revenue an imputed non-cash charge for accommodation representing the resident's right to occupy a room under the arrangement. The accounting treatment required a non-cash increase in revenue for accommodation and a non-cash increase in finance costs on the outstanding RAD and Bond balance, with no net impact on the result for the period. The revenue stream has been calculated using the MPIR rate as defined by the Department at the time the service is being received.

All revenue is stated net of the amount of goods and services tax.

#### Note 2. Significant accounting policies (continued)

# (c) Refundable accommodation deposits, accommodation bonds and accommodation payments

Refundable accommodation deposits, accommodation bonds and accommodation payments are recognised as a liability at the time each resident agreement is entered into and balance paid. AASB 101 'Presentation of Financial Statements' requires the liabilities to be classified as current as the Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. The liabilities, in some instances, are reduced in accordance with the various resident agreements. These reductions are recorded as income in the statement of profit or loss and other comprehensive income.

# (d) Independent living unit (ILU) loan liabilities

The provisions of the Retirement Villages Act 1986 (Victoria) and the Retirement Villages Act 2004 (Tasmania) apply to the Group's dealings in independent living unit licences. ILU licence fees are recognised as a liability at the time the licence agreement is executed and loan contribution paid. The agreements with residents provide for the Group to retain management fees with fees settled on a deferred basis at the time of exit. The Group's arrangements with residents vary across the portfolio and exit payments of initial loan contributions may be either calculated on the ingoing contribution or the market value of the unit at the time of exit. In addition, some of the licence agreements provide for the Group to receive a share of any capital gain on re-sale of the licences to a subsequent entrant. Where changes arise out of movements in fair value of units, these amounts are recognised as an expense progressively based upon the market value of the ILU as at reporting date. Independent living unit licence fees are treated as a financial liability with a demand feature and have been discounted from the first date the licence fees could be required to be paid.

# (e) Income tax and Goods and Services Tax (GST)

The Company is exempt from income tax under Section 50 - 5 of the Income Tax Assessment Act, 1997.

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST. Cash flows in the Statement of Cash Flows are inclusive of GST.

#### (f) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks.

#### (g) Financial Instruments

Recognition and Initial Measurement

Financial instruments are initially measured at fair value plus transactions costs where the instrument is not classified as at fair value through profit or loss. Transaction costs related to instruments classified as at fair value through profit or loss are expensed to profit or loss immediately. Financial instruments are classified and measured as set out below.

#### Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the Group no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed is recognised in profit or loss.

#### Note 2. Significant accounting policies (continued)

#### (g) Financial Instruments (continued)

# Classification and subsequent measurement

#### (i) Financial assets

Financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, expect for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is deemed based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset.

#### ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost using the effective interest rate method.

Trade receivables are recorded at amounts due for services rendered less any provision for expected credit losses. Accrued income is recorded as income earned which had not been credited to the Group at reporting date. Refundable accommodation deposits and ILU licence fee debtors are recorded in accordance with policies outlined in Note 2.

(iii) Financial liabilities include borrowings and trade and other payables Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Group designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

#### (h) Fair value

Fair value is determined based on current prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

#### Impairment

At each reporting date, the Group assesses whether there is objective evidence that a financial instrument has been impaired.

#### (i) Assets held for sale

Assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Assets are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition. The Company must be committed to the sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

#### (i) Investment property

Investment property represents retirement villages within the operations of the Group. Investment property is initially recorded at cost and subsequently at fair value, reflecting market conditions at reporting date. Gains or losses arising from fair value movements in investment property are recognised in the profit or loss.

#### Note 2. Significant accounting policies (continued)

#### (j) Investment property (continued)

The Group's policy is to have independent valuations prepared at least every two years, with internal assessment made at least annually to ensure fair values are appropriately accounted for.

Fair value is the aggregate price that represents the amounts that would be received to sell the retirement village as a whole, in an orderly transaction between market participants at measurement date, in the principal market for the asset or liability, or the most advantageous market in its absence.

In determining the fair value, consideration has been made of the market value of units (i.e. gross realisation of units), the present value of future deferred management fees, where appropriate the capital gain share of fair value movements, capital allowances, refurbishment costs, vacancy in units and impacts on value for units deriving alternate revenue streams, such as rent. Fair value of retirement villages has been determined by using a discounted cash flow valuation methodology. These valuations are based on projected cash flows using current resident contracts and resident contracts expected to be executed in future unit turns. Retirement villages are classified as Level 3 in the fair value hierarchy.

Key assumptions used in the fair value assessments are:

- Discount rates of between 13.5% and 15.0%
- Property price growth rates of 2.0% in the short term and between 2.0% and 3.4% in the long term
- The average tenure period of residents being 9.0-14.0 years.

Villages under construction are carried at fair value. Units are transferred from villages under construction to operational villages once they have been leased for the first time. Villages under construction, include consideration of the recognition of development margin and deferred management fees and consider stage of completion and development risk associated with the development.

# (k) Property, plant and equipment

Property, plant and equipment are brought to account at cost less, where applicable, any accumulated depreciation and impairment losses. The depreciable amount of all fixed assets, including buildings but excluding freehold land, is depreciated over their useful lives commencing from the time the asset is held ready for use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit or Loss and Other Comprehensive Income during the financial period in which they are incurred.

Depreciation on buildings is charged using the straight line method over the estimated useful life of the asset. Depreciation on leasehold improvements is charged using the straight line method over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. Depreciation on furniture and equipment including computer equipment is charged using the straight line method over the estimated useful lives of the assets. Depreciation on motor vehicles is charged using the straight line method over the estimated useful life of the asset.

The gain or loss on disposal of all fixed assets is determined as the difference between the carrying amount of the asset at the time of disposal and the proceeds of disposal, and is disclosed in the notes to the Statement of Profit or Loss and Other Comprehensive Income in the year of disposal. Capital expenditure included in buildings in the course of construction completed during the year is transferred to land and buildings.

#### Note 2. Significant accounting policies (continued)

#### (k) Property, plant and equipment (continued)

Depreciation rates used for each class of depreciable asset are:

Class	Rate:
Buildings	2.5% - 20.0%
Leasehold improvements	2.5% - 34.3%
Plant and equipment	2.5% - 33.3%
Motor Vehicles	7.5% - 20.0%

Within plant and equipment and work in progress are intangibles relating to software arrangements, specifically platform and software as a service (SaaS) arrangements.

#### (I) Intangible assets

The useful lives of intangible assets are assessed to be either finite or indefinite. Impairment of intangible assets is assessed annually. Intangible assets with finite lives are amortised over the useful life. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period or method, as appropriate, which is a change in accounting estimate. The amortisation expense on intangible assets with finite lives is recognised in profit or loss in the expense category consistent with the function of the intangible asset.

Intangible assets with indefinite useful lives are not amortised.

In accordance with AASB 138 Intangible Assets, bed licences are now assessed as having finite useful lives, and commenced amortisation in the current year. This is in response to Federal Government announcements that by 1 July 2024, places will be directly held by senior Australians and 'bed licences' will no longer exist. Amortisation has commenced on a straight line basis with a end of life date identified as 1 July 2024.

The Group's bed licences were initially recognised at cost which represented fair value on date of acquisition or deemed cost if received through government allocation for nil consideration.

Within plant and equipment were intangibles relating to software arrangements, specifically platform and software as a service (SaaS) arrangements.

SaaS arrangements are service contracts providing the Group with the right to access the cloud provider's application software over the contract period. Costs incurred to configure or customise, and the ongoing fees to obtain access to the cloud provider's application software, are recognised as operating expenses when the services are received.

Some of these costs incurred are for the development of software code that enhances or modifies, or creates additional capability to, existing on-premise systems and meets the definition of and recognition criteria for an intangible asset. These costs are recognised as intangible software assets and amortised over the useful life of the software on a straight-line basis. The useful lives of these assets are reviewed at least at the end of each financial year, and any change accounted for prospectively as a change in accounting estimate.

The Directors made the following key judgements that have had the most significant effect on the amounts recognised in financial statements with respect to Software-as-a-Service (SaaS) arrangements.

#### Note 2. Significant accounting policies (continued)

#### (I) Intangible assets (continued)

Capitalisation of configuration and customisation costs in SaaS arrangements

Part of the customisation and configuration activities undertaken in implementing SaaS arrangements may entail the development of software code that enhances or modifies, or creates additional capability to the existing on-premise software to enable it to connect with the cloud-based software applications.

Judgement was applied in determining whether the additional code meets the definition of and recognition criteria for an intangible asset in AASB 138 Intangible Assets. During the year, the Group recognised an additional \$502k (2021: \$5,943k) as capitalised intangible assets in respect of customisation and configuration costs incurred in implementing SaaS arrangements with additional amounts of \$5,594k within work in progress.

Determination whether configuration and customisation services are distinct from the SaaS access

Costs incurred to configure or customise the cloud provider's application software are recognised as operating expenses when the services are received. In a contract where the cloud provider provides both the SaaS configuration and customisation, and the SaaS access over the contract term, the Directors applied judgement to determine whether these services are distinct from each other or not, and therefore, whether the configuration and customisation costs incurred are expensed as the software is configured or customised (i.e. upfront), or over the SaaS contract term.

# (m) Impairment of assets

At each reporting date, the Group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Any excess of the asset's carrying value over its recoverable amount is expensed to the Statement of Profit or Loss and Other Comprehensive Income.

Where the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Intangible assets with indefinite lives and intangible assets not yet available for use are tested for impairment annually and whenever there is an indication that that the asset may be impaired.

# (n) Employee benefits

Provision is made for the Group's liability for employee benefits arising from services rendered by employees to reporting date. Employee benefits expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, including related on costs. Benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the Group to employee superannuation funds and are charged as expenses when incurred.

#### Note 2. Significant accounting policies (continued)

#### (o) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset have formed part of the cost of that asset. All other borrowing costs are expensed in the period in which they occur in line with AASB 123 Borrowing Costs.

# (p) Leases

The Group as a lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets.

For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the lessee uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;

The lease liability is presented as a separate line in the statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Group remeasures the lease liability (and makes a corresponding adjustment to the related rightof-use asset) whenever:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

#### Note 2. Significant accounting policies (continued)

#### (q) Leases (continued)

The Group as a lessee (continued)

The right-of-use assets are presented as a separate line in the statement of financial position.

The Group applies AASB 136 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described above.

# (r) Rounding

The Group is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

# Note 3. Revenue

	2022	2021
	\$'000	\$'000
Gross revenue from residents, clients and customers	48,841	48,102
Government subsidies and contributions for service	227,807	228,467
Accommodation charges, bond retentions, and deferred management fees	4,805	3,844
Capital grants	93	524
Interest	257	108
Donations, bequests and legacies	484	788
Fair value adjustment to investment properties	2,331	3,267
Tenant revenue	1,028	899
Other revenue	4,646	3,552
Revenue excluding imputed RAD revenue	290,292	289,551
Imputed revenue on RAD and bond balances under AASB 16 (note 2)	15,717	16,653
Revenue	306,009	306,204

# Note 4. Operating Deficit

Operating deficit has been determined after:

# a) Charging as expense:

Deficit includes the following specific expenses:

2022 \$'000	2021 \$'000
Depreciation of non-current assets:	Ψ 000
- Buildings 8,869	8,997
- Leasehold improvements  412  Plant and agricultural platforms & coffuence on a Service)  7 621	2,129
- Plant and equipment (including platform & software as a Service) 7,621 - Motor vehicles 269	8,010 736
- Lease assets 2,169	2,304
Total depreciation 19,340	22,176
Amortisation of non-current assets:	
- Bed licences <u>3,700</u>	
Total amortisation 3,700	-
Impairment expense – property -	8,301
23,040	30,477
Finance Costs:	
- Interest expense 229	95
- Interest expense on leases under AASB 16 358	348
- Imputed interest cost on RAD and bond balances 15,717	16,653
- Other finance costs131	60
16,435	17,156

# Note 5. Current assets - cash and cash equivalents

	2022 \$'000	2021 \$'000

, iso, usu missimo	7,005	8,638
Other receivables	1,148	272
	10,741	12,133

# Note 7. Current assets - Other financial assets

2022	Amortised cost (\$000)	Fair Value through P&L (\$000)	Total
Term deposits Hybrid Investments	23,290	11,674	23,290 11,674
	23,290	11,674	35,064
2021	Amortised cost (\$000)	Fair Value through P&L (\$000)	Total (\$000)
Term deposits Hybrid investments	5,189	12,084	5,189 12,084
	5,189	12,084	17,273

See note 2(g) for a description of the accounting policies for each category of the financial assets.

# Note 8. Current assets - Other Assets

	2022 \$'000	2021 \$'000
Prepayments	2,504	2,135
Other current assets	470	202
	2,974	2,337
Note 9. Non-current assets - Investment properties		
	2022 \$'000	2021 \$'000
Investment properties – retirement living assets		
Operational villages	187,645	184,347
Villages under construction	48,526	35,170
	236,171	219,517
Reconciliation of movements in the year:		
At the beginning of the year	219,517	125,312
Additions and reclassifications	14,323	90,938
Changes in fair value of investment property	2,331	3,267
	236,171	219,517

Note 10. Non-current assets - property, plant and equipment

	2022 \$'000	2021 \$'000
Land and buildings - at cost	384,762	386,687
Less: Accumulated depreciation	(65,271)	(56,642)
	319,491	330,045
Leasehold improvements - at cost	4,688	4,744
Less: Accumulated depreciation	(2,524)	(2,112)
	2,164	2,632
Plant and equipment - at cost	69,974	67,132
Less: Accumulated depreciation	(30,015)	(22,364)
	39,959	44,768
Motor vehicles - at cost	2,848	3,261
Less: Accumulated depreciation	(2,373)	(2,558)
	475	703
Carrying amount of building work in progress	17,642	5,753
	379,731	383,901

Reconciliations of the carrying amounts of each class of asset at the beginning and end of the current financial year are set out below:

	Land & Buildings \$'000	Leasehold Improveme nts \$'000	Work in Progress \$'000	Plant & Equipment \$'000	Motor Vehicles \$'000	Total \$'000
Balance at 1 July 2021 Additions	330,045 2,806	2,632 3	5,753 19,368	44,768 3,300	703 65	383,901 25,542
Disposals	(2,574)	(59)	19,300	(3,211)	(24)	(5,868)
Reclassifications	(1,917)	` -	(7,479)	2,723	` -	(6,673)
Depreciation expense	(8,869)	(412)		(7,621)	(269)	(17,171)
Balance at 30 June 2022	319,491	2,164	17,642	39,959	475	379,731

Note 11. Non-current assets - Intangibles

	<b>Bed Licenses</b>	Goodwill	Total
	\$'000	\$'000	\$'000
Carrying amount as at 1 July 2021	11,100	56,273	67,373
Amortisation	(3,700)		(3,700)
Carrying amount as at 30 June 2022	7,400	56,273	63,673

See note 2(I) for a description of the accounting policies in relation to bed licences.

On an annual basis the recoverable amount of intangible assets with indefinite useful lives, being the higher of the asset's fair value less costs to sell and value in use, is compared to carrying value to determine whether there is any impairment. On this basis, no impairment loss has been recognised in 2022 (2021: nil).

#### Impairment testing

For the purpose of annual impairment testing of goodwill, cash generating units are determined. The recoverable amounts of the cash-generating units were determined based on value-in-use calculations, covering a detailed one-year forecast, followed by an extrapolation of expected cash flows for the units for a five-year forecast period using the growth rates determined by management. The present value of the expected cash flows of each facility is determined by applying a suitable discount rate.

#### Growth rates

The growth rates reflect the long-term average growth rates for the industries of these segments (all publicly available) and considers any recent regulatory and policy changes.

#### Discount rates

The discount rates reflect appropriate adjustments relating to market assessments of the time value of money and the risks specific to the asset.

#### Terminal value

The terminal value has been estimated on the basis of a perpetuity or an annuity with a rising yield.

#### Cash flow assumptions

In preparing the cash flow forecasts management have used certain key assumptions which include:

- Occupancy rates that are consistent with recent occupancy levels
- Wages based on current rosters and assume pay increases in accordance with current enterprise bargaining agreements
- Increases in expenses in line with CPI with the exception of certain identified expenses that are expected to increase over CPI
- Capital expenditure in line with expected capital maintenance on facilities based upon their individual life cycles.

Apart from the considerations described in determining the value-in-use of the cash-generating units described above, management is not currently aware of any other probable changes that would necessitate changes in its key estimates.

Note 12. Non-current assets -Right-of-use assets

	Properties \$'000	Plant & equipment \$'000	Total \$'000
Cost

		504,803	481,847

Disclosure of refundable accommodation deposits and independent living unit licence fees ("resident liabilities"), for the Group amounting to \$461,675,000 (2021: \$445,881,000) as current liabilities on the basis they are repayable to residents when they leave the facility or unit, which can be at any time, (refer to Note 2). The Directors do not expect the resident liabilities balance to reduce significantly on an annual basis as the liabilities relating to residents who depart the facility/unit are generally replaced by refundable accommodation deposits/licence fees received from new residents. The resident liabilities are therefore considered to form part of the long term funding of the facility

Note 14. Provisions

Capital expenditure relates to construction programs of the Group, including residential aged care, retirement living and social housing.

# Note 19. Key management personnel disclosures

#### Compensation

The aggregate compensation made to Directors and other members of key management personnel of the Group is set out below:

	2022 \$	202 \$
Total transactions with key management personnel	2,661	2,586

# Note 20. Related party disclosures

Baptcare Ltd's related parties include its Key Management Personnel and related entities as described below.

The names of the persons to have held office as Directors of the Company at any time during the year are:

Directors	Appointment date	Resignation date
Robina Bradley	-	-
Tim Farren	-	-
Annemarie Numa	18 February 2022	-
Brandon Howard	-	-
Julianne Rose	-	-
Assyl Haidar	-	-
C Hamish Blair	-	-
Mark Trajcevski	-	-
Rebecca Iseli	-	-

The Company is an Agency of the Baptist Union of Victoria and is ultimately controlled by the Assembly of the Baptist Union of Victoria.

#### Note 21. Group details

Baptcare Ltd is incorporated in Victoria, Australia.

The registered office of the Company is:

Baptcare Ltd, 1193 Toorak Road, Camberwell, VIC 3124

The principal activities during the year were:

The operation of aged care facilities for aged and disabled persons.

The provisions of independent living units and assisted living units for aged persons.

The provision of day care and day therapy centres and Community Aged Care Packages to the aged in the community.

The provision of domiciliary nursing services.

The operation of family community programs, including foster care, counselling, preventative education, and disability support services.

#### Note 22. Parent entity note

The parent note is presented to comply with the reporting requirements of the Aged Care Act 1997.

# Note 23. Events after the reporting period

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

# Note 24. Member's guarantee

Baptcare Ltd is incorporated under the Corporations Act 2001 and is a Group limited by guarantee. If the Group is wound up, the constitution states that each member is required to contribute a maximum \$10 each towards meeting any outstanding obligations of the entity. At 30 June 2022, the total amount that members of the Group are liable to contribute if the Group wound up is \$90 (2020: \$80).

# Note 25. Financing facilities

During the year Baptcare continued to operate a core debt and capital development financing facility of \$120 million with an external provider to predominately fund future developments. The capital development facility was drawn from during the year in relation to the Peninsula View Independent Living Apartment construction to the total of \$4.5 million which remains unpaid as at 30 June 2022. The debt facility is secured by way of a charge over certain assets of the Group.

#### Note 26. Remuneration of auditors

During the year the following fees were paid or payable for services provided by the auditors for:

	2022 \$'000	2021 \$'000
Audit of the financial statements	111	104
Statutory assurance services required by legislation to be provided by the auditor	34	30
Other assurance services and agreed-upon procedures	53	41
	197	175

# Baptcare Limited and controlled entities Directors' declaration 30 June 2022

#### In the Directors' opinion:

- the attached financial statements and notes comply with the *Australian Charities and Not-for-profits Commission Act 2012*, the Australian Accounting Standards Simplified Disclosures, and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Group's financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors:

On behalf of the Directors

# Independent Auditor's Report to the Members of Baptcare Ltd

#### Opinion

We have audited the financial report of Baptcare Ltd (the "Company") and its subsidiary (together, the "Group") which comprises the consolidated statement of financial position as at 30 June 2022, the consolidated statement of profit or loss and other comprehensive, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the Directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012* (the "ACNC Act"), including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2022 and of their financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards Simplified Disclosures and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

#### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the ACNC Act and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Information

The Directors are responsible for the other information. The other information comprises the Directors report for the year ended 30 June 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Simplified Disclosures and the ACNC Act and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group's audit. We remain solely responsible for our audit opinion.

# Deloitte.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
