NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2016

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Accounting Standards, Urgent Issues Group Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporation Act 2001.

The financial report is for The Billy Graham Evangelistic Association Limited as an individual entity. The Billy Graham Evangelistic Association Limited is a company limited by guarantee, incorporated and domiciled in Australia.

The following is a summary of the material accounting policies adopted by the economic entity in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

BASIS OF PREPARATION

Adoption of Australian Equivalents to International Financial Reporting Standards

The Billy Graham Evangelistic Association Limited has prepared the financial statements in accordance with the Australian equivalents to International Financial Reporting Standards (IFRS).

In accordance with the requirements of International Financial Reporting Standards, the directors have reviewed the accounts and have determined that no adjustments are required to be made to the 2016 year or retrospectively in the 2015 comparative year.

The accounting policies set out below have been consistently applied to all years presented.

Reporting Basis and Conventions - Reporting Entity

The financial report has been prepared on an accruals basis and is based on historical costs. It does not take into account changing money values, or except where stated, current valuations of non current assets. Cost is based on the fair values of the consideration given in exchange for assets.

(a) Income Tax

The company is exempt from Income Tax by virtue of Subdivision 50-B of the Income Tax Assessment Act 1997.

(b) Property, Plant & Equipment

Plant and Equipment are measured on a cost basis less depreciation and impairment losses.

Plant and Equipment

The carrying amount of plant and equipment is reviewed annually to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining the recoverable amounts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2016

Depreciation

The depreciable amount of all fixed assets is depreciated on a straight line basis over their useful lives commencing from the time the asset is held ready for use. Useful lives for plant and equipment are between 3-10 years and Motor vehicles are 4 - 5 years.

(c) Investments

Investments brought to account are at cost or at directors' valuation. The carrying amount of investments is reviewed annually to ensure it is not in excess of the recoverable amount of these investments. The recoverable amount is assessed from the investment's current market value or the underlying net assets in the particular entities. The expected net cash flows from investments have not been discounted to their present value in determining the recoverable amounts, except where stated.

(d) Foreign Currency Transactions and Balances

Foreign Currency transactions during the period are converted to Australian currency at the rates of exchange applicable at the dates of the transaction. Amounts receivable and payable in foreign currencies at balance date are converted to the rates of exchange at that date.

The gains and losses from conversion of short-term assets and liabilities, whether realised or unrealised, are included in operating profit before income tax as they arise.

(e) Employee Entitlements

Provision is made for the company's liability for the employee entitlements arising from services rendered by employees to balance date. Employee entitlements expected to be settled within one year together with entitlements arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at their nominal amount. Other employee entitlements payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those entitlements.

Contributions are made by the company to an employee superannuation fund are charged as expenses when incurred.

(f) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Revenue is brought to account as and when the donations are received.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

(g) Inventories

Inventories held for sale are goods carried at the lower of cost allocated and net realisable value.
