DIRECTORS' REPORT

Your directors present this report on the company for the financial year ended 30 June 2014.

Directors

The names of each person who has been a director during the year and to the date of this report, unless otherwise stated, are:

Geoff Walters

Ian Macdonald (resigned 21/1/13)

Deb Mahoney (resigned 20/1/14)

Ian Montague

Michael Jacobson (resigned 31/12/13)

Selena Cartwright

Scott Wallace (commenced 19/08/13)

Libby Wherrett (commenced 22/02/14)

Greg Livingstone (commenced 22/02/14)

Kathleen Coclough (commenced 22/02/14)

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Principal Activities

The principal activity of the company during the financial year was to provide services to families, and in particular young people, to assist them in achieving their full potential.

The company's short-term objectives are:

- Growing services: meeting the needs of people in new areas/locations.
- Expanding into new and emerging areas earlier intervention, Indigenous people and communities, family, whole of life support.
- Staying true to organisational values and understanding our impact.

The company's long-term objectives are to:

- Expand organisational ability to provide support to Queenslanders to achieve their full potential, wellbeing and happiness.
- Be a nationally recognised provider of suicide support in Australia to minimise loss and provide support in bereavement.
- Stay true to the values of the organisation and recognise our people.

Achievement of these objectives will be measured against the following outcomes:

- Operate in new locations with new and existing services.
- Strong stable Board focused on governance and strategy.
- Robust and productive relationships with key stakeholders.
- Continuously improved services and products as experienced by clients and communities.
- Organisational values and capability underpinning growth, professional people and systems and resources to deliver the strategic plan.

DIRECTORS' REPORT

Information on Directors

Geoff Walters – Chairman – appointed as a director on 19 September 2011

Qualifications and Experience – Master of Business Administration, Bachelor of Business (Finance)

and Fellow of Australian Society of CPAs

 Previously held a number of senior executive positions in the profit and not-for-profit sectors in Australia and internationally including five

years as General Manager of United Synergies.

lan Montague – Director

Qualifications and Experience - Master of Business Administration (Marketing), Graduate Diploma

Management, AICD, AIM

Principal of Montague Consulting specialising in enterprise training

advisory services.

Selena Cartwright – Director

Qualifications and Experience – Bachelor of Arts (Sociology) and Bachelor of Laws.

Special Counsel of Baldwin Cartwright Lawyers, Gympie, specialising

in family law.

Scott Wallace

Qualifications and Experience

Director

- Scott is currently Student Services Head of Department at Sunshine Beach State High School, leading the Student Services and Learning Enhancement team which encompasses the school chaplain, health nurse, and learning enhancement staff. He has worked as a teacher and in the education sector for 35 years.

education sector for 35 years

Libby Wherrett

Qualifications and Experience

Director

- Post Graduate Diploma in Public Sector Management and Bachelor of Social Work and certificate IV in Training and Assessment.

- Libby has experience in senior management roles in the public sector in both Tasmania and Queensland, including work in mental health, and then as the first Executive Director of Disability Services Queensland.

Kathleen Colclough

Director

Qualifications and Experience

- Arts degree (Chinese language & politics), post-graduate qualifications in Banking and Finance and a Certificate IV in Training and Assessment.

- Kathleen has extensive finance, academic, small business and not-for-profit sector experience. Kathleen operates her own business - writing and presenting training courses in Finance and Customer Service for the Not-for-Profit sector. Prior she held senior positions in the banking sector and lectured in Financial Risk Management at Monash University.

Greg Livingstone

Director

Qualifications and Experience

Masters of Commerce

- Greg Livingstone has extensive experience in general management, strategy, finance and HR in a large Australian agribusiness and consumer products company.

- Greg has been engaged in areas of particular interest including sustainability in its broadest sense and has worked with the Noosa Biosphere, University of the Sunshine Coast (USC) Sustainability Advisory Committee and chaired the Sunshine Coast Economic Development Advisory Board.

DIRECTORS' REPORT

Meetings of Directors

During the financial year 11 meetings of directors were held. Attendances by each director were as follows:

Directors' Meetings

	Number eligible to attend	Number attended
Geoff Walters	11	10
Deb Mahoney (resigned 20/1/14)	5	5
lan Montague	11	10
Selena Cartwright	11	8
Michael Jacobson (resigned 31/12/13)	3	3
Scott Wallace (commenced 19/8/13)	11	11
Greg Livingstone (commenced 22/2/14)	6	4
Libby Wherrett (commenced 22/2/14)	6	6
Kathleen Coclough (commenced 22/2/14)	6	5

Events After the Reporting Period

There were no events after the reporting period that have had a material impact on the business.

Members' Guarantee

The company is incorporated under the *Corporations Act 2001* and is a company limited by guarantee. If the company is wound up, the constitution states that each ordinary member is required to contribute a maximum of \$200 each towards meeting any outstanding obligations of the entity. At 30 June 2014, the total amount that members of the company are liable to contribute if the company is wound up is \$1 per associate and honorary life member and \$200 per ordinary member.

Membership Classes

- (a) Ordinary members
- (b) Associate members
- (c) Honorary life members

Auditor's Independence Declaration

The lead auditor's independence declaration for the year ended 30 June 2014 has been received and can be found on page 44 of the financial report.

Signed in accordance with a resolution of the Board of Directors.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

CORPORATE INFORMATION

The financial statements are for United Synergies Ltd as an individual company, incorporated and domiciled in Australia. United Synergies Ltd is a company limited by guarantee. United Synergies Limited is a not for profit entity for the purpose of preparing these financial statements. The financial statements are in Australian dollars and were authorised for issue in accordance with a resolution of directors dated 15 September 2014.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, other authorative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Accounting Policies

a. Revenue

Grant revenue is recognised in the statement of profit or loss and other comprehensive income when the company obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the company and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied

When grant revenue is received whereby the company incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the state of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

United Synergies Ltd receives non-reciprocal contributions of assets from the government and other parties for zero or a nominal value. These assets are recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of income recognised in the statement of profit or loss and other comprehensive income.

Donations and bequests are recognised as revenue when received.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST).

b. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair values as indicated, less, where applicable, accumulated depreciation and impairment losses.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES CONT

Plant and Equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Plant and equipment that have been contributed at no cost, or for nominal cost are valued and recognised at the fair value of the asset at the date it is acquired.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over the asset's useful life to the company commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset Depreciation Rate

Buildings 4%
Plant and equipment 15 – 20%
Computers 25%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Asset classes carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

c. Leases

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the lease term.

d. Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either purchase or sell the asset (ie trade date accounting is adopted). Financial instruments are initially measured at fair value plus transaction costs except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Financial instruments are subsequently measured at either fair value, amortised cost using the effective interest rate method or cost. *Fair value* represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES CONT

Amortised cost is calculated as:

- i. the amount at which the financial asset or financial liability is measured at initial recognition;
- ii. less principal repayments;
- plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest method;
- iv. less any reduction for impairment.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit or loss

Financial assets are classified at 'fair value through profit or loss' when they are held for trading for the purpose of short-term profit taking, or where they are derivatives not held for hedging purposes, or when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying value being included in profit or loss.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Loans and receivables are included in current assets, except for those which are not expected to mature within 12 months after the end of the reporting period, which will be classified as non-current assets.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the company's intention to hold these investments to maturity. They are subsequently measured at amortised cost.

Held-to-maturity investments are included in non-current assets, except for those which are expected to mature within 12 months after the end of the reporting period.

If during the period the company sold or reclassified more than an insignificant amount of the held-to-maturity investments before maturity, the entire held-to-maturity investment would be tainted and reclassified as available-for-sale.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not capable of being classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

Available-for-sale financial assets are included in non-current assets, except for those which are expected to be disposed of within 12 months after the end of the reporting period.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES CONT

(v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Fair Value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At the end of each reporting period, the company assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the company no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability, which is extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

e. Impairment of Assets

At the end of each reporting period, the company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the company would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an assets' class, the company estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is debited against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same class of asset.

f. Employee Benefits

Provision is made for the company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not satisfy vesting requirements. Those cash outflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows. Contributions are made by the company to an employee superannuation fund and are charged as expenses when incurred.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES CONT

g. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

h. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

i. Income Tax

No provision for income tax has been raised as the company is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

j. Intangibles

Software

Software is recorded at cost. Software has a finite life and is carried at cost less any accumulated amortisation and impairment losses. It has an estimated useful life of between one and three years. It is assessed annually for impairment.

k. Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

I. Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When a company applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements, a statement of financial position as at the beginning of the earliest comparative period must be disclosed.

m. Trade and Other Payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

n. Critical Accounting Estimates and Judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

o. New Accounting Standards

None of the new standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 July 2014 affected any amounts recognised in the current period or any prior period financial statements and are not likely to affect future period financial statements.

p. New Accounting Standards Issued Not Yet Effective

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2014 reporting periods and have not been early adopted by the Group. The Group's assessment of the impact of these new standards and interpretations is set out below.

(i) AASB 9 Financial Instruments (effective from 1 January 2017)

AASB 9 aims to replace AASB 139 Financial Instruments: Recognition and Measurement in its entirety. The replacement standard is being issued in phases. To date, the parts dealing with recognition, classification, measurement and derecognition of financial assets and liabilities, as well as hedging, have been issued. These parts are effective for annual periods beginning 1 January 2017. Further parts dealing with impairment and amendments to the classification requirements are still being developed.

Management have yet to assess the impact that this amendment is likely to have on the financial statements. However, they do not expect to implement the amendments until all parts of AASB 9 have been released and they can comprehensively assess the impact of all changes.

(ii) AASB 10 Consolidated Financial Statements (effective from 1 January 2014)

AASB 10 introduces a single 'control model' for all entities, including special purpose entities (SPEs), hereby all of the following conditions must be present:

- Power over investee (whether or not power used in practice);
- · Exposure, or rights, to variable returns from investee; and
- Ability to use power over investee to affect the entity's returns.

The Society has not yet determined the impact of the implementation of the Standard.

(iii) AASB 11 Joint Arrangements (effective from 1 January 2014)

AASB 11 supersedes AASB 131 Interest in Joint Ventures. It aligns more closely the accounting by the investors with their rights and obligations relating to the joint arrangements. It introduces two accounting categories (joint operations and joint ventures) whose applicability is determined based on the substance of the joint arrangements. AASB 11 requires the use of the equity accounting method for joint ventures, which is currently used for investments in associates. The company does not anticipate any material effect on the financial statements on implementation of the Standard.

Financial Liabilities		
Financial liabilities at amortised cost		
 Trade payables 	63,702	238,726
Total Financial Liabilities	63,702	238,726

Financial Risk Management Policies

The United Synergies Board's overall risk management strategy seeks to assist the company in meeting its financial targets, whilst minimising potential adverse effects on financial performance. Risk management policies are approved and reviewed by the Board on a regular basis. These include credit risk policies and future cash flow requirements.

Specific Financial Risk Exposures and Management

The main risks the company is exposed to through its financial instruments are credit risk, liquidity risk and market risk relating to interest rate risk and equity price risk.

(a) Market Risk

The entity is not exposed to any significant market risk with the exception of interest rate risk. The Board monitors interest rate movements to determine the most appropriate term deposits to invest in. A 0.5% movement in interest rates would not have a material effect.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

(a) Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the balance sheet and notes to the financial statements.

The company does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the company.

There are no material amounts of collateral held as security at 30 June 2014.

Credit risk is managed by the company and reviewed regularly by senior executives. It arises from exposure to customers as well as through deposits with financial institutions.

(b) Liquidity risk

The company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate cash reserves are maintained. Also an appropriate proportion of investments are maintained in term deposits.

(c) Financial liability and financial asset maturity analysis

	Within 1 Year		1 to 5 Years		Over 5 Years		Total	
	2014	2013	2014	2013	2014	2013	2014	2013
	\$	\$	\$	\$	\$	\$	\$	\$
Financial liabilities due for payment								
Trade and other payables (excluding estimated annual leave and deferred income)	471,834	624,345	-	-	-	-	471,834	624,345
Total expected outflows	471,834	624,345	-	-	-	-	471,834	624,345

NOTE 17: EVENTS AFTER THE REPORTING PERIOD

No matter or circumstance has arisen since 30 June 2014 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

DIRECTORS' DECLARATION

In the directors' opinion:

- the attached financial statements and notes thereto comply with the Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes thereto give a true and fair view of the company's financial position as at 30 June 2014 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

Director

Dated this 15 day of September 2014

INDEPENDENT AUDITOR'S REPORT

To the members of United Synergies Limited

We have audited the accompanying financial report of United Synergies Limited, which comprises the statement of financial position as at 30 June 2014, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act* 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of United Synergies Ltd, would be in the same terms if given to the directors as at the time of this auditor's report.

Opinion

In our opinion the financial report of United Synergies Limited is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the company's financial position as at 30 June 2014 and of its performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
